

RLI News

10th June 2022

Welcome back to the final half term of this academic year! I would firstly like to thank everyone who came to our Jubilee street party, it was so good to see so many of you enjoying the celebrations in the sunshine. This half term is going to be very exciting as we begin transition activities and begin to get the children ready for the next chapter of their academic journeys.

RWInc Home Learning

This week more RWInc links have been sent out to parents to support with phonics learning at home. All you need to do is click the link and watch the short videos, your child can watch them more than once, all the practice supports long term memory for Reading.

Hurst Road

Please remember that parents should not drive down Hurst Road at the beginning and end of the day. I've been outside this week and a few times some parents have driven down and stopped on the double yellow lines to drop children off, this is not allowed and does not keep our parents and children safe.

Playground

You may have noticed our new electronic gates that are being installed to add that extra layer of safety for our school. The hump is still out of action, please do not allow your child to play on the hump before or after school as the posts are not sturdy and they could get hurt. As we try to keep every one safe, we do not allow the children to play ball games on the playground before or after school. Please check the scooters that you have taken home, we have had a new scooter swapped for an old one by mistake.

Attendance awards

This week SAM is going to Swan Class and OTIS is going to Heron Class!

Remember:

SAM (School Attendance Matters)

OTIS (On Time In School)

Year 1 Phonic Screen

This week, the Year 1 children have sat the National Phonic Screen check with their class teacher. The pass rate for the screen will not be released for a few weeks so we are unable to tell you, as parents, anything about the checks. We are so proud of every single one of the children, they all tried their best and their hard work has paid off.

Even though the checks have now taken place the children still need to keep up with their reading at home and their RWInc practice videos.

Books, Books, Books!

Mrs Duncan has been working tirelessly to sort the books across the school to make our new library as inviting and well stocked as possible. Whilst she has been sorting she has been putting aside some books that we have multiple copies of.

We would like to give families the opportunity to have some of these books to keep at home.

On Monday 13th June, there will be a table of books on the main and Year 1 playground. You are able to take the books for a small donation to be put in the pots on the table. We are not saying a price, a reasonable donation will be appreciated. The money raised will be used to buy items for our new library. If it is raining the books will be set up in the main hall.

Summer Weather

Hopefully the sun will keep shining for the rest of this term. As the weather gets warmer it is really important that the children have their water bottles in school so they can keep hydrated. The children may also bring in a sun hat, please make sure that these are clearly named. Don't forget to apply sun cream in the morning before school.

An exciting announcement

We are looking forward to our upcoming visit from heptathlete Katie Stainton on the 4th of July 2022. Katie will lead a whole school assembly and then work with each class so PE kits ready for a fun packed, action filled day. Also look out for the return of our skipping challenge starting next week.

Katie Stainton:

After a fantastic season last year, Katie is one of the UK's bright prospects at the upcoming Commonwealth Games in Birmingham. She has competed in previous Commonwealth events as a member of Team England and is the current holder of the British and English combined events title. As a heptathlete, she has an outstanding skill set across a range of events and therefore is able to provide intricate coaching on multiple activities and disciplines. She is currently being coached by Team GB's multi-discipline, multi-Olympic medalist Kelly Sotherton, so with her guidance and at only 23, Katie's best days are still very much in front of her!
