WHAT TOOK PLACE LAST TERM

Trash to treasure workshop

Many of our children and young people enjoyed exploring their creativity and letting their imagination run wild when designing and drawing on their own tote bags which they took home with them after the workshop.

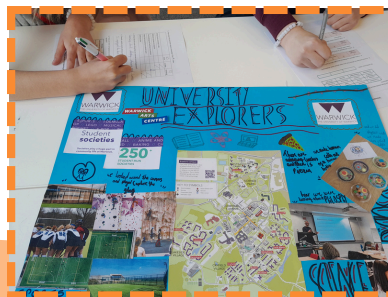

Les Misérables educational performance

Do you hear the people sing?
Our young people enjoyed travelling down to London and watching the spectacular musical. After the performance, they got to see demonstrations from the technical team and have a Q&A session with cast and crew.

University Explorers

The University Explorers 2025 has wrapped up another successful year at the University of Warwick. Our Year 6s from the Warwickshire Virtual School had a blast exploring the campus, making new friends, and diving into fun activities and exciting academic sessions.

Sports

Tag active had children exploring their ninja skills, climbing, running and crawling over obstacles.

Indoor rock climbing had many children pushing themselves to reach the highest heights.

Battle archery and laser tag had children exploring skills like how to load an arrow onto a bow and fire it, working on their aim and working together in teams to win each battle.

Open Studios

Open Studios for wellbeing in partnership with The Herbert Art Gallery and Museum.

We had a group of young people come along to explore the museum, getting to hold and look at fossils and the history of Coventry through the years. Then went on to create their own artwork with recycled materials with guidance from artist Yusuf.
